### Canada's Trade Up 44 Percent

Canada's trade in seven months ended in October has exceeded the billion dollar mark—exactly \$1,173,507,200—which is an increase of 44 per cent over the corresponding period last year.

Dominion revenues have maintained their buoyancy at the same time so that the approach to Christmas will find the Treasury in the happiest position since 1929.

**Favorable Trade Balance**  
Canada's exports mounted to \$670,020,000 in the period from April to November as against imports reaching \$503,577,293. In other words, the Dominion has a favorable balance of trade, more than \$166,000,000.

British Empire countries took Canadian goods and produce to the extent of \$300,578,508 of which \$237,876,170 was represented by the United Kingdom. The United States was Canada's best customer buying \$291,589,005 or 21 percent, more than last year.

**Bought Most From U. S.**  
Canada bought more from the United States in the last seven months than any other country. Imports from across the border amounted to \$290,066,020 which represented a jump of 38 percent, over last year. From Empire countries Canada bought goods to the value of \$153,013,230, of which \$92,105,994 came from the United Kingdom.

### Maxwell's Barber Shop and Beauty -Parlor- Permanent Waving

FIRST-CLASS WORK  
Champion, Alberta

Milk bars, or saloons for the sale of milk drinks and milk products only, have been established in 14 moving picture houses in England. Altogether, milk bars and similar agencies

selling milk drinks total 911 in the British Isles. Of the 911 milk bars, 338 operate as a single business; 418 are in cafes and dairy shops; 139 in department and chain stores; 30 are travelling milk bars, and 14 are located in picture houses. One hundred and seventy-four of the milk bars are in the London area.

### IT HAPPENED IN CANADA!

Montreal, Que.—Organized fascism came brazenly into a Canadian court room here recently when a man, charged with inciting to riot, appeared in a blue-shirted uniform, accompanied by a similarly attired "body guard". The accused said: "I am a Fascist, so I appear before the court as a Fascist." After pleading to the charge and choosing the democratic form of trial by jury, the man gave a Fascist salute to the court. The man's followers who wore blue shirts with swastika emblems, hurriedly formed about their leader and escorted him from the court room.

### B. Hummel Goes To Calgary As Instructor On Technical School Staff

Barney Hummel left Monday for Calgary, where he has accepted a position for the last two months with the School of Technology, where he will give instruction in general blacksmithing, acetylene and electric welding.

Mr. Hummel, who is an old timer here, has handled the local blacksmith trade for many years, and his outstanding ability in this line has won for him much commendation.

He recently won distinction when he constructed a road maintainer which was readily adopted by the municipality and has handled all their road maintaining successfully.

Mr. Hummel is receiving the congratulations of his many friends in being selected to fill the above position and their best wishes follow him to his new work.

## LOCALS LOCALS

Miss Ruth Anderson was a Lethbridge visitor last week.

Miss E. Schultz visited in Calgary during the holiday season. Gordon Berger of Nanton was a Champion visitor last week.

Miss Elsie McLean, who spent the holidays at her home, returned to Nobleford, Sunday.

Mrs. G. Urquhart was a New Year's Day hostess when she entertained at a dinner party.

Mrs. J. H. Bastin left on the train last Thursday for Calgary where she will make her home. Sidney Lindstedt, of the local tailoring staff, spent the holiday season at his home in Stavelay.

Miss Irene Bjornson of Calgary spent the holidays visiting at her home here.

Mr. and Mrs. H. T. Lamont spent New Year's day in Vulcan.

Miss Sue Craig of Nanton was a visitor in town last week, guest at the home of Mrs. Ethel Berger.

Mrs. Wayne Anderson entertained at dinner on Saturday when her guests included Delbert Cool and Franklin Cook.

J. H. Bastin spent the New Year holiday in Lethbridge with Mr. and Mrs. Jack Kulpas and Philip Bastin.

Mr. and Mrs. Roy Taylor and family are moving into town and will occupy the old teacher age owned by L. J. Adams.

Mr. and Mrs. G. K. McLean were guests at the home of Mr. and Mrs. Fred Stinson of Vulcan for New Year's day.

W. Washlie of Spokane was a Champion visitor during the past week, guest at the home of Mr. and Mrs. H. McNaughton.

Miss Marjorie Loecker, who has been visiting at the home of her sister, Mrs. L. Price and Mr. Price, left for her home in Fort Saskatchewan, Sunday.

Mr. and Mrs. Ed. Beingsesser spent the Christmas holidays at the home of her brother, Mr. and Mrs. Oscar Grover, at Wrentham.

The broadcast of John L. McFarland on Unity, over stations CFBN, CJOC, CJCA and CFPG, will come over the air at 9:30 p. m. on Friday instead of 9 p. m. as announced.

Miss Mavis Moffatt of Lethbridge spent a few days in town last week, renewing old acquaintances. While here she was the guest of Miss Marjorie Ditto.

Miss Edna Orr, teacher of the Red Cross school, north of Vulcan, returned to her school duties Sunday after spending the holidays at the home of her parents.

Among out of town guests at the New Year's eve dance were Mr. and Mrs. Charles Luchie and Miss Gertrude Vershays of Lethbridge, and Miss Geraldine McNaughton of Calgary.

Mr. and Mrs. A. Baker entertained at dinner on New Year's Day, those invited being Mr. and Mrs. C. W. Folk of Carman, Mrs. G. A. Williamson, Mr. and Mrs. R. L. Baker and Bobby and Caroline Baker.

Mrs. Bjornson, Alvie and Ken Bjornson returned last week from a month's holiday spent in several points in Minnesota and North Dakota. Although nice weather was encountered on the trip, considerable cold weather with lots of snow was also in evidence.

Miss Lindstedt of Stavelay was a visitor in town last week.

Malcolm Taylor has returned to his teaching duties at Mossleigh after spending the holidays at the home of his parents, Mr. and Mrs. C. G. Taylor.

After spending the holidays at the home of their parents, Mr. and Mrs. A. McCullough, Miss Marjorie and Robert McCullough have returned to the University at Edmonton.

Miss Evelyn Stetto, who spent the holidays in Spokane, returned to her home Sunday. Mr. and Mrs. Stetto and remainder of family will follow by motor at a later date.

Mr. and Mrs. Roy Hummon had as their guests over the week end, Mrs. Hummon's sister, Mrs. W. J. Dodd and Mr. Dodd, also her niece Miss Wanda McMahon, all of Olds, Alberta.

The regular meeting of the A. Y. P. A. was held Monday evening with about twenty in attendance. The business session was followed by an enjoyable Amateur program and dancing. The next meeting will be held on January 17th.

The Champion Women's Institute will meet at the home of Mrs. R. D. Farries on Tuesday next, January 11th, at 3 p. m. The feature of the meeting will be the President's Message "Looking Forward." On the program also is a discussion of the best movie of the year. Roll Call—A New Year Resolution Refreshment Convener—Mrs. J. T. Stephenson.

Among Lethbridge visitors New Year's day were: Mr. and Mrs. G. M. Campbell, Miss Rheta Campbell, Mr. and Mrs. J. Clever, Miss Louetta Clever, Mr. and Mrs. G. L. Dupue, Miss Ruth Dupue, Miss Margaret Horn, Dick Dupue, Mr. and Mrs. W. F. Bozarth, Miss Eva Latiff, Dick Latiff, Virgil Stout, Harry Maroon, Alex. Latiff, Forrie Bouzayan, George Harveys, Harry Taylor, Dave Elliot and J. H. Bastin.

### Balzac District Family In Highway Accident

While driving his 1933 Chevrolet sedan south from Balzac last week toward Maceled with his wife and eight-year old daughter, Iona, Chas. J. Matlock failed to observe the turn at the top of the hill just south of the L.L.D. farm building, due to the frost condition of the windshield, and finding the car plunging down the steep embankment, endeavored to turn it. This caused the car to roll sideways down to the bottom. Mr. Matlock was thrown from the car, the side of the giving way before him. He was badly bruised. Mrs. Matlock suffered a broken vertebrae of the spine, while Iona was uninjured.

Leaving Mr. Matlock to obtain assistance, Mrs. Matlock and the girl walked some two miles to Maceled and called at the home of Fire Chief Wesley Shield for assistance. They were immediately taken to hospital. Mr. Shield hurried toward the scene of the accident and met Mr. Matlock struggling to make his way into Maceled. He was immediately rushed to hospital. Both Mr. and Mrs. Matlock are patients at the hospital where it is expected he will be able to leave in a few days but Mrs. Matlock, who is in a cast, will remain there longer.

Lethbridge Herald.  
Mr. and Mrs. Matlock are well known here, having formerly resided in Champion.

### Champion High School Report Of Christmas Examinations

**GRADE IX**  
Grade IX students are classified according to their average achievement. The subjects studied are English, Social Studies, Mathematics, General Science, Health, Art, Dramatics and Junior Business.

**CLASS A: 90% or over.**  
Rita Connolly—48, Virginia Farmer—30, Shirley Taylor—77, Rene Hinds—74, Margaret Miller—70, Rose Chapman—81, Dorothy Hummel—63, Marie Giffey—60.

**CLASS B: 45%—50%.**  
Harvey Fath—57, Evelyn Racher—60, Hilda Gittel—54, Arnold Bond—53, Mattida Fath—50.

**HIGH SCHOOL**  
All High School examinations are based on the unit system. A complete report would show the mark obtained in each subject, but this is not practicable here. The first number after each name indicates the number of subjects written, the second number indicates the number of units in which the student made 50% or more, and the third number the average mark on all subjects written.

**GRADE X**  
Walter Anderson—9—3—38, James Brown—9—8—45, Mildred Castor—9—9—62, Phyllis Chamberlin—9—9—72, Richard Dupue—9—8—62, Margaret Fath—9—9—75, Yvonne Griffin—9—8—71, Eva Latiff—9—7—61, Evelyn Stetto—9—8—72, Iona Taylor—9—8—81, Harold Fath—8—4—45, Donald Lee—8—7—66, Kenneth McMahon—8—4—48.

**GRADE XI**  
(Note: Students marked \* are taking one Grade XII subject.)  
Alma Macleod—7—7—78, Anna Baker—7—7—90, Ruth Dupue—7—7—78, Ruth Jopling—7—6—67, Leonard Volney—7—6—57, Louetta Clever—6—3—51, Frances Miller—6—6—60, Elizabeth Caldwell—6—4—62, Frank Griffin—6—3—47.

James Anderson—6—1—37, Douglas Dow—4—2—53, Hazel Johnson—3—0—28, Jack Chaproniere—1—1—65.

**GRADE XII**  
Anne Ellis—7—7—78, Richard Latiff—7—6—60, Lona Stephenson—7—9—56, Mabel Vasey—7—7—72, Maxine Ditto—6—5—63, Jerry Fath—6—4—64, Hugh Miller—6—5—65, Margaret Horn—5—5—70, Evelyn Kramer—5—3—61, Marie Matlock—5—5—60.

Harold Bach—4—4—67, Dorothy Ditto—4—3—61, Helen Higgins—3—3—77, Elsie Taylor—1—1—38.

### DON'T BUY

## The Gasoline Hazard

With the coldest, lengthiest and, therefore, the most hazardous part of the winter yet to come, sixteen editors, containing the tortured bodies of victims of the fire demon have been lowered into the ground and hospital doors have opened to admit another twenty injured by the same agency, in Saskatchewan about this season, and this is the pre-Christmas toll in one of the prairie provinces.

In the absence of figures it is safe to presume that comparable losses have occurred in the sister provinces of Alberta and Manitoba. Indeed stories of tragedies appearing in local and metropolitan newspapers afford the evidence that such is the case.

These graves give silent testimony to the risks annually incurred in a cold climate during the winter season, and in most cases, are more evidence of the truth of the old adage "familiarity breeds contempt"; in other words they are, in the majority of instances, the result of carelessness—a lack of appreciation, or forgetfulness, of the dangers involved in the handling of fire.

### Danger In The Homes

Statistics show that the great bulk of these life and property losses and injuries have occurred in homes and in most cases in homes on the isolated farmstead or in the small villages and towns, where fire protection equipment is either entirely absent or at a minimum and where trained fire fighters are completely absent.

Investigations conducted by, and information received by provincial and local authorities and fire insurance companies show also that the greater number of these disastrous conflagrations occur in the early morning after fires have been lighted and adult members have left the house for outside chores, leaving children and sometimes women still sleeping in their beds. For the latter it means death by smoke suffocation or cruel flames.

In this season's fires, gasoline is indicted as one of the most potent agencies of death, injury and loss of home and contents. In some cases, it has been used in mistake for coal oil to heat drying cabinets into quick flames or to speed up a newly laid fire. In other instances the use of this dangerous fluid for dry cleaning operations has brought irreparable disaster upon an unsuspecting household.

### Carelessness To Blame

In other words, in nearly every instance, somebody's carelessness or negligence can be held responsible for the results which have followed. There has been a violent explosion, a death-dealing fluid has been sprayed in all directions and the doctor, the coroner and the undertaker have been called in to perform the obsequies. In the twinkling of an eye a happy household has been converted into a shambles, no less awful because disaster was unsuspected a moment before and no less horrible than the streets of Shanghai after the visit of a Japanese bomber.

When details of these disasters appear in cold print subsequently, vomit at the carelessness and folly of mankind speedily succeeds the shock occasioned in the mind of the reader by graphic descriptions of the horrors of such disaster and the suffering they entail.

The wonder is further accentuated by the thought that these disasters have followed so close on the heels of the annual fall fire prevention campaigns, when well directed efforts were made to render citizens fire conscious, apparently all to no avail.

### A Grain Of Comfort

There is some comfort, however, in the discovery that these fire-prevention campaigns are bearing some fruit and more particularly in the fertile and impressive minds of the youth of the country, for in the past few years, there has been marked reduction in the number of conflagrations resulting from the misuse of matches by children—an indication that children, at least, are learning and remembering valuable lessons imparted in the schools during fire prevention week.

These results of the campaign in the schools among the children give rise to the hope that fire losses from misuse of gasoline will be materially reduced in the future within the next two or three decades when they succeed the present generation as the masters and mistresses of the households in the rural districts and will serve to demonstrate that the words of admonition and advice which form a component part of these campaigns are worthwhile and give rise to the belief that later they will bear fruit in a substantial reduction in fire losses where such are caused by carelessness or neglect.

In the meantime, one can only suppose that the fire losses attributable to carelessness with gasoline will continue more or less unabated, unless some measure can be found to make the use of gasoline for lighting fires and for other uses in the home impossible.

### Trying To Keep Peace

New Minister To Palestine Will Have Plenty To Do

Twenty years ago in Palestine the Turks were fleeing before the British, French and Italian troops led by that kink-kink General Allenby. But their sweeping bayonets left a conflict, growing from the national ambitions of Arabs and Jews. Under mandate of the League, the British flag was raised over Palestine and British colonial experience was brought to bear on the problem. Out of its experience Great Britain now proposes a division of the Holy Land, both Jews and Arabs to be offered their own small mandate area. The plan still pending, and the population still stagnant. So Sir Charles Tegart, thoughtfully dozes off the 20th anniversary of Allenby's triumphal entry, to take up reorganization of the Palestinian police. He'll be the apex of a series to separate dissident Arabs and Jews—Christian Science Monitor.

### Attains Ripe Age

Ontario Woman Has Lived Under Six British Sovereigns

Mrs. Mary Jane Bryant, who says she is just "living on borrowed time," celebrated recently the 103rd anniversary of her birth. Mrs. Bryant has a word for the young girls of today. She feels they do not wear sufficient clothes. If they did they would live longer and be healthier, she thinks.

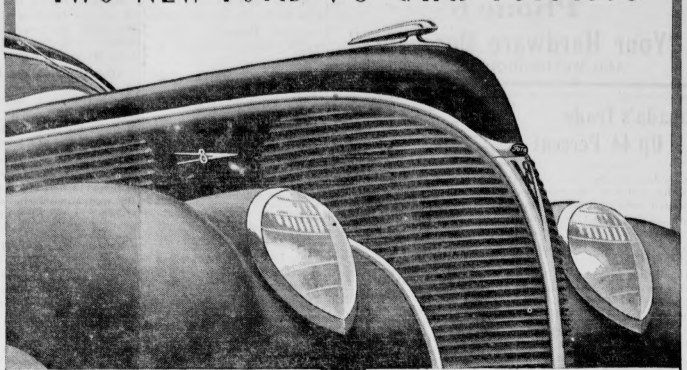

Born in County Fermanagh, Ireland, she has lived under six British sovereigns, being born three years before Queen Victoria ascended the throne in 1837. She came to Canada when she was 11 years old and lived in Morewood, Ont., not far from Ottawa, for the last 92 years.

Due to its many indentations, Alaska's coastline measures 35,000 miles—greater by 10,000 miles than the earth's circumference.

The temperature of the sun is about 11,000 degrees Fahrenheit. Hawaii hasn't a single roadside billboard.

## Announcing TWO NEW FORD V-8 CARS FOR 1938

### THE DE LUXE

### THE STANDARD

Ford offers two new cars for 1938—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same standard of mechanical excellence—on the same 112-inch wheelbase.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same fundamental Ford advantages. For them, we have designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments. De Luxe cars are equipped with the 35-horsepower Ford V-8 engine. They provide more

motoring satisfaction at low Ford prices.

The Standard is even lower priced than the De Luxe. It is a brilliant, modern car. It has graceful new lines and well-tailored interiors. It gives you the same basic advantages of the 35-horsepower Ford V-8 engine.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an 8-cylinder car with all-round economy. The low prices of the De Luxe and Standard cars make it easy for you to step into the V-8 class.

### FIT YOUR CAR TO YOUR NEEDS

With two distinct designs, two body sizes and two price ranges, you'll find a 1938 Ford car to fit your personal needs exactly. Whatever one you choose, you get time-

proved Ford V-8 performance. Whatever price you pay, you get a car built soundly to serve you well... That's the Ford way.

### FOR LOW DELIVERED PRICES SEE YOUR LOCAL FORD DEALER

De Luxe Ford V-8 models are Coupe, Tudor Sedan, Fordor Sedan, Convertible Coupe, Club Coupe, Convertible Club Coupe, Phaeton and Convertible Sedan.

Standard Ford V-8 is available in three models: Coupe, Tudor Sedan and Fordor Sedan. Ford sells a fully equipped car at the lowest possible price. The prices on De Luxe models include twin tail lights, two windshield wipers, two sun visors, twin electric horns, cigar lighter, de Luxe steering wheel, spare compartment clock and lock, chrome wheel bands, in addition to front and rear bumpers and guards, spare wheel and tire and tire lock, and headlight beam indicator.

Prices on Standard models include front and rear bumpers and guards, spare wheel and tire and tire lock, one tail light, one windshield wiper, one sun visor, cigar lighter, headlight beam indicator, and two horns.

### Atlantic Air Service

Imperial Airways Have Set 1940 As Date For Inauguration

Imperial Airways have set 1940 as the goal for inauguration of a regular trans-Atlantic passenger air service between Great Britain and Canada.

Aviation officials say the service may be launched sooner, but the experimental program of the ocean route calls for a further series of flights under varying weather conditions and paying passengers will not be carried until every phase of the proposed service has been thoroughly explored.

To silence of experience the trans-Atlantic route holds no greater hazards than those of the longer-distance flights on Empire services already established. There has actually been a rush of volunteers for the Atlantic route.

A Real Anniversary  
Colwyn, Ontario, was recently the scene of about as happy an event as could be asked for. Twin brothers, Benoit, by name, were married 50 years ago in a double wedding. With all four participants in that "away back when" occasion still hale, hearty and happy, their golden anniversary was joyously celebrated on December 14.

Brown bread gives more food value than white bread, because the bran contains vitamins, mineral matter and cellulose.

You will find poetry nowhere, unless you bring some with you.

### Gave Life For Pup

Coyote Showed Parental Devotion Not Lacking In Animals

Sport of pioneers days—coyote hunting with hounds—is coming back in southern Alberta, but a modern touch is added today. The hunters chase behind the speedy hounds, following the tricky coyotes in automobiles. It is not only a popular sport again, but a profitable one.

Pelts sell at \$10 to \$12 and some well prime ones bring as much as \$20 a skin. Yards of the foothills and rugged country, speeding over snow-covered fields, are combining business with pleasure.

Parental devotion is not missing in coyote hunts. The story is told of a big grey coyote that eluded hunters for years. Then, a son brought death to the father.

Chased by greyhounds the parents were well ahead but the coyote dragged a lagged behind, winded and soon to fall victim to the dashing hounds. The old fellow deserted his life-long mate and drew the dogs away from the worn-out offspring. Mother and pup escaped. "Dad" was caught and killed.

### Box Of Belles Nielsen

A wooden box containing relics from the tomb of King Tut-Ankh-namen of Egypt, addressed to the Brooklyn Museum in New York, was stolen while in transit, in London. The box held a model as, knife, beads, bracelets, a vase and other trinkets.

When peeling apples, expose them to the air as little as possible. This prevents discoloration.

## And Far Handier Than Older Ways!!!

Here is the most useful, waxed tissue package you've ever seen.

This new pack contains 45 sheets of silver white waxed tissue. Through the top of the pack is a metal eyelet for hanging on the wall. Inside, the tissue is held in an ingenious grip so that you can draw one sheet at a time by simply reaching out with one hand.

"Presto-Pack" thus becomes the handiest of all kitchen aids. You will wonder how you ever managed without it.

## LET'S BUILD UP OUR WEAK SPOTS FOR A DRIVE ON 1938 BUSINESS

What has 1938 in store for you in a personal and business way?

Will you be taking stock of yourself to find out just how the last twelve months measured up to your efforts.

Perhaps you can locate the flaws in your management, that allowed your business to slip, or perhaps you, with the experience of the past can put into effect some ideas that will be the means of turning your loss, if any, into a profit for 1938.

Your showing at any rate for 1938 will be what you make it, individual effort must be ever alert to make any substantial showing in advancement.

Community co-operation is essential under all conditions to enable each unit of business to give their best service, without this co-operation the best trained executives will be doing business under a great handicap.

Progress is the ambition of every live business concern, and it is desirable that they should take stock of the management, and find out just how they stand.

Obsolete and worn-out ideas, if any should be discarded and new up-to-date methods injected into your business, to meet the present and all margin competition.

## LOWER LICENSE

## FEES ADVOCATED

Lower car licenses for Alberta motorists were advocated when the annual meeting of the Alberta Motor Association was held recently at Calgary.

The general trend at present is to lower the license schedule, so that the license is for registration rather than revenue or taxation purposes.

Ontario has set the pace for other provinces in respect to license reductions. Depending upon the number of cylinders, Ontario has reduced licenses on the average by \$5 per car, thus saving millions of dollars to the car owners of that province.

Various registration fees for change in ownership and for motor cycles were reduced by the Ontario government which also cut the license for commercial motor vehicles by 25 per cent.

Ontario also has changed its car license year so that it coincides with the fiscal year, which ends on March 31. This change has already been made by Alberta, largely due to the representations of the A. M. A.

With other provinces reducing car licenses, there is a strong hope that Alberta will take similar action. Requests for lower license fees have been made by various organizations.

## Carmangay News

J B Ross has returned from ten days holiday in Vancouver.

James Davey, local manager of the Beaver Lumber Co., is stock taking in the Brant yard.

Mr. and Mrs. Lawrence and family were guests of relatives in Lethbridge over the week end.

Miss Mildred Smith, daughter of Rev. and Mrs. H G Smith is attending Normal in Calgary.

Mr. and Mrs. H. S. Parker were Lethbridge visitors last Saturday.

Mrs. Tom Hillard, matron of the hospital, has returned from her vacation feeling refreshed by the month's rest.

Mrs. O. L. Taylor was a New Year's guest at the home of Mr. and Mrs. Vernon Burns, in Pincher Creek.

Gehert, son of Mr. and Mrs. John Ness left last week for Carmore where he is taking his Grade XII.

Mrs. Malcolm McKay has enjoyed a week's holiday at the home of her son Russell, in Calgary.

Ian McLaren, who spent the week end at the home of his parents, returned to his teaching duties at Black Diamond.

The Women's Hospital Auxiliary will hold their regular meeting on Saturday, January 7th, at 3 p. m., in the secretary's office.

Mrs. Robertson is supplying on the local school staff during the absence of Miss Margaret Smith, who is a patient in the hospital.

Miss Betty Wynn, nurse in training, at the Holy Cross hospital, Calgary, is enjoying a week's vacation at the home of her parents.

A capacity crowd attended the New Year's dance arranged by the hospital board with music by St. Hopkins and his orchestra, and all joined in a joyful and hilarious welcome of 1938. The Chinese residents added to the celebration by setting off fireworks.

The General Electric radio, on which tickets were sold by the hockey club, was won by Joe Schmidt of Barons, who bought the ticket from the original purchaser on Christmas Day. The draw was made by Little Eva Fraser at the dance on New Year's eve, the lucky ticket being No. 57.

## Hospital Notes

Mrs. Paul Plourd, discharged on Saturday.

George Miller of Champion, operative.

Willis Plourd, discharged Saturday night.

Miss Margaret Smith, appendicitis operation, Saturday, December 31st.

James McDermott of Barons, fractured leg.

Pat. Robertson, operative.

## Card of Thanks

We wish to convey our deepest appreciation and thanks to all the beautiful floral tributes, also to those who so kindly assisted with gifts; and to those who helped in so many other ways in our recent bereavement.

## LARGE STAFF REQUIRED TO KEEP TAB ON OIL TAX

In the roll of national industry the burden of taxation has become a heavy load, but nowhere more onerous than upon the oil industry and users of its products.

There are no less than 200 types of taxation imposed upon it. They are collected on every operation of the business, from setting up its equipment in the fields, to selling gasoline and lubricating oil at the filling station. Every product and by-product from crude oil, from the moment it comes out of the ground, and down through all the processes through which it becomes highly refined gasoline, fuel oil, and lubricants, is taxed.

Producers of crude oil and natural gas as it is produced, there is a tax on oil withdrawn from storage, on sales of oil, and gas lands, and on top of all these types of taxes, there are severance taxes, production taxes, royalties, derelict taxes, anti-pollution taxes in a great many of the big fields, and well drilling permit fees.

Refiners, of course, have to pay taxes on their refined products. Pipe line companies pay taxes on their pipelines, and taxes on all the crude they transport.

One of the biggest accounting jobs the industry has is that of taking care of the taxes it has to pay the governments. Art. B-25.

The manufacture of fertilizer in Canada in 1936 was valued at \$11,206,235. Plants engaged principally in the manufacture of fertilizers accounted for \$7,075,881 of the total amount, the remaining \$4,130,354 worth being produced by establishments classified in other industrial groups.

## THE FUTURE OF GARNET

The Dominion Government will advise Parliament to make Three Northern free from Garnet.

Should Garnet growers use another variety or continue with Garnet?

See the nearest Searle or Home Agent for the latest information

"UNITY"

The Dominion Department of Agriculture, with the assistance and co-operation of the Royal Canadian Mounted Police, supervises betting on all race tracks in Canada. The total amount wagered in 1937 was \$22,752,787, compared with \$20,861,710 in 1936. Twenty-nine racing associations held 37 meetings during 1937 for a total of 302 days racing, as compared with 28 associations, 30 meetings, and 300 days racing in 1936.
